

Begins June 29, 2007

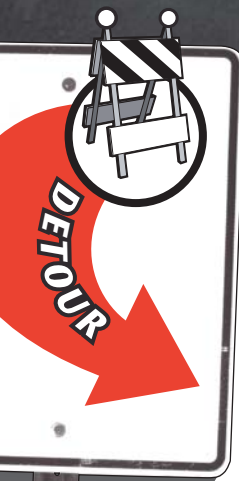

IMPROVING

OUR
ROADS

FOR THE

FUTURE

Bryan Dairy
Road Closure
Up Ahead

CSX Transportation is conducting an upgrade of their railroad crossing at Bryan Dairy Road, just west of the intersection with Belcher Road.

The project will begin June 29, a date selected to reduce the impact on school transportation and the tourist season. Due to the nature of the work, the entire roadway will be closed in both directions for a maximum of 21 days.

Belcher, Starkey and Ulmerton Roads will be used as the main detour route, and signs will be in place to give motorists ample detour information.

While this construction will be an inconvenience for travelers during the brief closure, the project will dramatically improve the roadway for many years to come.

If you have any questions about this project, please call the Pinellas County's Roadwork Hotline at

(727) 453-3320, or visit the

Pinellas County homepage for more information at

www.pinellascounty.org/roadwork.htm.
