## **Transfer to Operation Phase - Approved**

Project Name: Pinellas County Star Center, Phase II  
Permit #: 52-01550203-003

Dear Mr. Sacco:

This letter is to acknowledge receipt of your *Request for Transfer of ERP Construction Phase to Operation Phase* for the above-mentioned permit, received at the Department on March 6, 2006. Department staff conducted an on-site inspection of the surface water management system on April 18, 2006 and determined that the system is substantially in compliance with the permit. Therefore, your request to transfer the permit to the operation phase is approved.

Please be aware of Specific Condition #13 which requires the Operation and Maintenance Entity to submit inspection reports in the form required by the Department, FDEP Form #62-343.900 (6), *Inspection Certification*, 24 months after operation is authorized and every 24 months thereafter. Failure to submit this information within the required timeframes shall constitute a violation of this permit.

Thank you for your cooperation with the permitting and compliance process. If you have any questions, please contact Maryellen Edwards at (813) 632-7600, extension 338.

Sincerely,
